SECURE

Each and every policy we sell is fully insured by Northbridge General Insurance Corporation (Northbridge General), one of the oldest property and casualty insurance operations in Canada. With origins dating back to 1782, Northbridge General is Canadian owned and operated, with offices in Toronto, Vancouver, Montreal and Halifax, and is licensed to sell insurance in all provinces and territories. Northbridge General is the largest subsidiary of Northbridge Financial Corporation. Please visit www.nbfc.com for more information.

Not all companies that provide mechanical breakdown protection are created equal. In fact, many do not have the security of proper insurance underwriting. Part of an informed decision to purchase mechanical breakdown protection should include establishing how stable the company is BEFORE you buy their "promise to perform".
